# A Screen or Border Planting of Hardy Flowering Shrubs

OFFER No. 2

## Is Your Lawn an "Outdoor Living Room?"

PRIVACY is the keynote, if your lawn is really to be an "outdoor living room"—a recreation point for the whole family. Then too, foliage and flowers along the border of the lawn are much more pleasant than unsightly views.

Some of the old "tried and true" favorites will be recognized in the following list. They are plants which you should enjoy for groupings about the lawn even though you may have no need for a screen planting.

Key No.	Variety	Size	Each	Total
1 2	Mock Orange . . . . .	4 to 5 ft.	\$1.00	\$2.00
2 1	Hop tree . . . . .	5 to 6 ft.	1.00	1.00
3 2	Golden Bell (Forsythia) . . . . .	3 to 4 ft.	.80	1.60
4 2	Hydrangea Hills of Snow . . . . .	2 to 3 ft.	1.00	2.00

8 4	White Spireas . . . . .	3 to 4 ft.	.75	3.00

Total Value, \$13.35      **Special Combination Price, \$9.85**  
 Double Quantity, just twice as many of each kind, \$18.75

A vegetable garden lies behind this screen of flowering shrubbery, yet the bean-poles do not detract from the beauty of the lawn. Drying-yards, cluttered lots, billboards, and "whatever shouldn't be seen" can be as effectively blotted out by such a planting. Shrubs to ultimately produce a similar effect can be procured for as little as \$12.50.

## Offers That Make It Easy To Beautify Your Lawn

IT is really very easy—and inexpensive—to have an attractive lawn. Groupings of Shrubs, Evergreens, Perennials and other plants, with Trees to break the glare and heat of the Summer sun, can readily be arranged to make your home grounds a spot of beauty.

Three fundamentals for the beauty and comfort of the "out-door living room" that your lawn should be, are provided in the accompanying offers. These fundamentals are: Shrubbery or Evergreens to hide the mud-splashed bricks or stucco of your house foundation; a border to give a definite boundary and privacy to your lawn; and a garden of old-fashioned Perennials to provide an abundance of flowers for cutting.

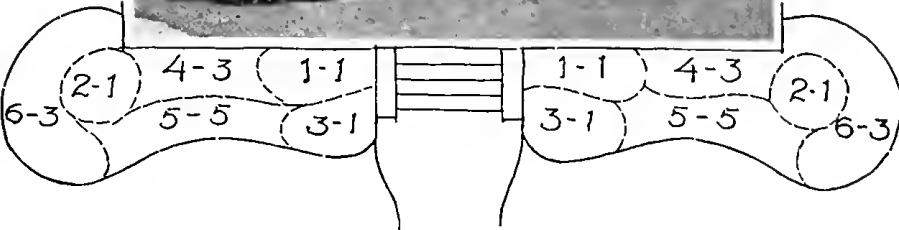

The arrangement of the plants is suggested and can easily be modified to meet the needs of your lawn.

For convenience simply order by number.

# An Evergreen Foundation Planting— Enjoyable the Year Round

**A** FOUNDATION planting of Evergreens will create an atmosphere of comfort and hospitality in the outside appearance of your house, as appealing in Winter as in Summer. The effect of the various plants, as they blend harmoniously together, is particularly rich and luxuriant, and makes them extremely popular as a connecting link between the house and lawn.

In most localities this selection should prove hardy and satisfactory. In particularly cold localities, northern exposures, or in the down town sections of cities we suggest Flowering Shrubbery Offer No. 3 as more dependable.
